

TIPPERARY

Strategic Tourism Marketing,
Experience & Destination
Development Plan 2016-2021

SUMMARY REPORT

Overview

This Strategic Tourism Marketing, Experience & Destination Development Plan (the Plan) has been prepared for Tipperary County Council & Tipperary Tourism Company in the context of change and opportunity. This countywide Plan sets out a fresh proposition for Tipperary. Action oriented, the Plan aims to galvanise and enable growth for Tipperary.

THE OBJECTIVE

Together we believe we can position Tipperary as a leading inland destination and within the Top 3 destinations in Ireland's Ancient East.

Encouraging Sustainability and Growth within the sector

Build capacity to extend stay duration

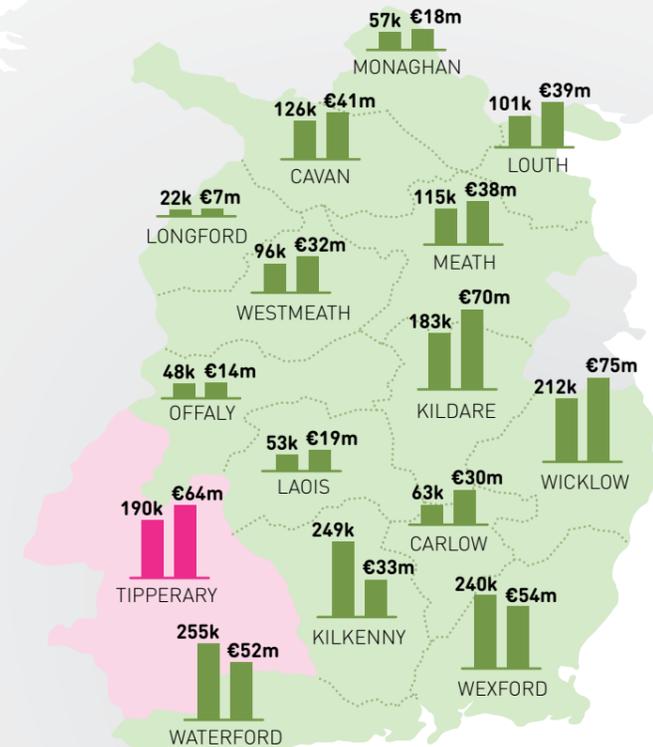

Developing and promoting Tipperary tourism experiences

Build synergies between different tourism products

THE CONTEXT

Tipperary punches above its weight in terms of the national picture for international visitors. This is a solid baseline from which to achieve growth and build our reputation with the domestic visitor.

Our Visitors

Tipperary has a wonderful mix of built and natural heritage complemented by attractive towns and villages, excellent food and an abundance of activities for all ages and abilities. Extensive research from Fáilte Ireland tells us what types of people are going to enjoy a visit to Tipperary.

Fáilte Ireland describes three types of consumers who are a particular focus for Irish tourism marketing in our principal source markets.

In addition to overseas markets, similar research has been undertaken in the domestic market. There now exists a more developed understanding of the domestic tourism consumer and what it is they expect from a domestic leisure break. The domestic market has also been segmented and specific types of consumer identified. These are:

CULTURALLY CURIOUS

Travellers in the over 45 age group taking a holiday with their partner. They are out to broaden their minds and expand their experience by exploring new landscapes, history and culture.

GREAT ESCAPERS

These tend to be younger and are specifically interested in rural holidays. Great Escapers are on holiday to take time out, and experience nature at close range.

SOCIAL ENERGISERS

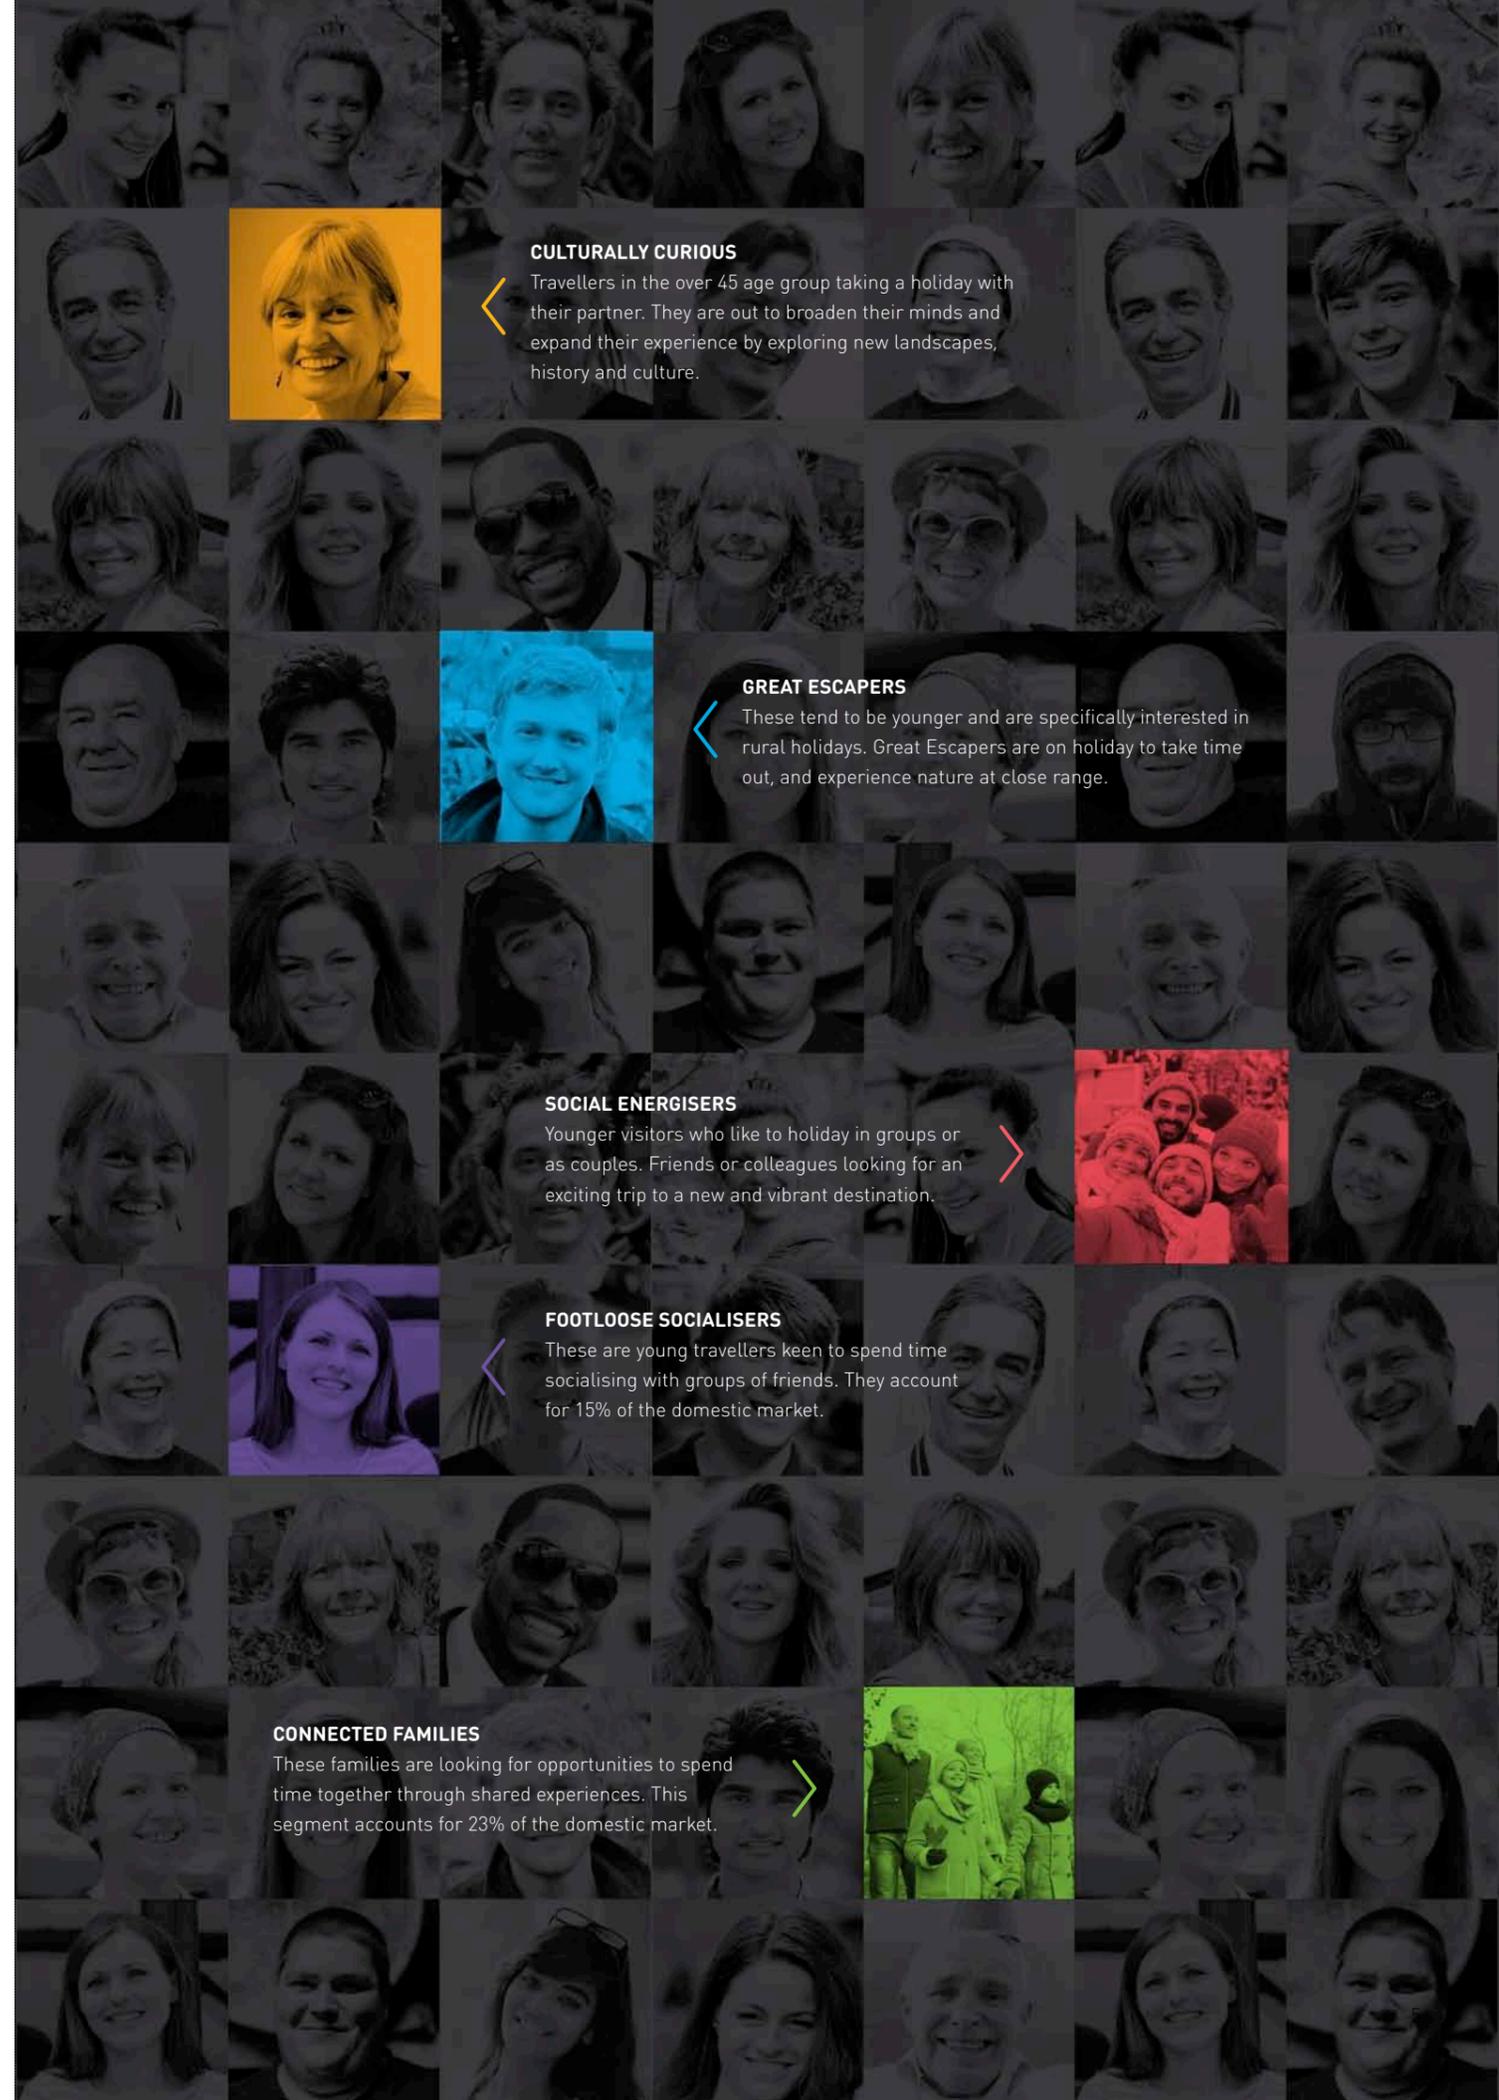

Younger visitors who like to holiday in groups or as couples. Friends or colleagues looking for an exciting trip to a new and vibrant destination.

FOOTLOOSE SOCIALISERS

These are young travellers keen to spend time socialising with groups of friends. They account for 15% of the domestic market.

CONNECTED FAMILIES

These families are looking for opportunities to spend time together through shared experiences. This segment accounts for 23% of the domestic market.

The Tipperary Vision & Proposition

The Plan is based on five strategic pillars which represent the breadth of experiences in Tipperary and reflect what Tipperary 'stands for'. This vision will guide future activities which support growth for the individual experience and the destination development.

TIPPERARY

The undiscovered heartland of Ireland - abundant in authentic, yet-to-be discovered experiences that are rooted in a land even more ancient than the historic buildings that remain, yet fully in harmony with the modern world.

The majestic Rock of Cashel, Co. Tipperary.

Connecting what is on offer to our visitors and thinking about the Tipperary experience as integrated and distinctive creates a platform for selling Tipperary as a dynamic and satisfying option for a short break or holiday experience.

UNSPOILT + UNDISCOVERED

Tipperary is unspoilt and feels undiscovered yet it's within easy reach from Dublin and Cork. So quick to get away from it all.

A VARIETY OF LANDSCAPES

Tipperary has a variety of landscapes: fertile lowlands, a number of mountain ranges, lake and river experiences.

AN IMMERSIVE EXPERIENCE

Tipperary offers a vibrant range of experiences in unique clusters creating a truly immersive authentic experience.

AN IDEAL BASE

Tipperary is ideal as a base for touring visitors - with easy access to Ireland's major sites and destinations.

LOCAL PRODUCE

Tipperary has a significant food product with local producers creating some of the most well known products.

As a destination, it will appeal to visitors for a variety of reasons:

PRACTICAL	EMOTIONAL	CURIOSITY	SPECIFIC INTERESTS	FASHION
Easy drive; offers what they want.	Slow, real, authentic, provides the opportunity to de-stress, and reconnect.	Undiscovered experiences, sites and landscapes.	Outdoor activities, heritage, food.	The new food destination

Strategic Plan Framework

The success of an overall tourism experience relies on:

The overall location and sense of place in which a holiday takes place

The individual products/experiences with which a visitor interacts

The capacity of the industry to deliver on visitor needs

The profile and promotion of the destination

THE FIVE STRATEGIC PILLARS

Destination Development

Developing Tipperary as a destination through greater integration and active participation of all stakeholders.

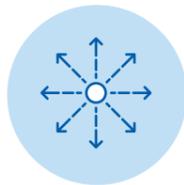

Product Development

Strengthen the current tourism product and maximise collaborative opportunities through bundling and coordinated activities under the Ireland's Ancient East priorities.

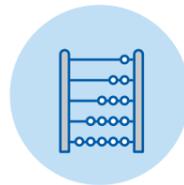

Industry Development

Build capacity within the trade and support direct sales initiatives. Help build ambitions and encourage greater engagement.

Marketing

Communicate the exciting breadth of the Tipperary proposition across relevant platforms. Positioning Tipperary as a 'must have' experience to its target markets.

Measurement

Establish monitoring and measurement to inform future planning and investment decisions and measure outcomes from activities undertaken as part of this Plan.

Alliances for delivery

Tipperary can reach its aims with strong alliances between the trade and Tipperary Tourism Company. Let's work together to share the Tipperary experience with more visitors than ever before.
